## HOW TO RIDE SUNBUS

### PLAN YOUR TRIP

Use the schedules in this book to plan your trip, as well as the SunBus Tracker App. For more information on how to ride SunBus, visit [sunline.org](http://sunline.org).

### WAIT FOR THE BUS

It is best to be at the bus stop 10 minutes before the bus is scheduled to arrive. Check the bus schedule to be sure that the bus serves the stop and that it is traveling in the direction you want to go.

As the bus approaches, wave to the Operator. This gives the Operator enough time to stop safely and avoid passing you.

### BOARD THE BUS

Before getting on the bus, verify the route number by checking the sign on the front or side of the bus. Let passengers get off the bus before you board.

To make boarding easier, every SunBus is equipped with lifts or ramps for passengers who have trouble climbing stairs or use a personal mobility device.

### PAY YOUR FARE

**Please have your exact fare ready before boarding the bus.** Operators do not make change. Transfers are purchased from the farebox when boarding the bus. A transfer is good for two hours of unlimited rides in any direction. (Valid on Commuter Link 220 with Commuter Link 220 pass or fare.)

For passenger convenience, a Day Pass can be purchased from the farebox. This pass allows unlimited rides for one full day! You can also ride the SunBus service using a 10-Ride Pass or 31-Day Pass.

### TAKE A SEAT

The seats nearest the driver are designated for seniors or persons with disabilities. If you choose to sit in these seats and are not a senior or person with a disability, please be prepared to move - if needed. For safety, always remain seated or hold onto the poles, or straps, when the bus is moving.

## GET OFF THE BUS

Pull the yellow cord above the window or push the vertical strip on the side of the window to signal the bus Operator that you want to get off at the **next bus stop**.

**Route detours** are subject to change at any time due to construction or emergencies. All current notices for detours and bus stop closures are available at [sunline.org](http://sunline.org). Click on Alerts.

## SUNLINE PROGRAMS

This program is for seniors 60+ years of age or persons with disabilities who are able to ride SunLine's fixed routes. To qualify for this program, applicants must show proof of age or disability. Learn more by visiting [sunline.org](http://sunline.org).

Money is placed on a debit Smart Card which is accepted by all three Coachella Valley taxicab franchises: American Cab, Desert City Cab and Yellow Cab of the Desert. The program goal is to complement the existing public transit system by creating flexibility of travel throughout the Coachella Valley via an on-demand service. **The Taxi Voucher Program is currently funded through grant programs and is subject to change pending funding availability.**

**TRAVEL TRAINING PROGRAM** is specialized travel training provided to seniors, persons with disabilities and anyone interested in learning how to ride the bus system. This program is provided at no cost. The program goal is to help passengers travel independently, safely and confidently.

**BIKE & RIDE** offers our riders greater flexibility and more options to get to their destination by combining two popular modes of transportation, the bicycle and the bus. Simply load your bicycle on an easy to use bike rack mounted securely to the front of every SunBus. Remember, you are responsible for loading, securing and unloading your bicycle from the bike rack. If your bike doesn't fit, do not try to force it. It may break, or fall during travel.

## LINE 95 DEVIATED SERVICE

**SunDial ADA paratransit service is not provided in North Shore.**

In addition to serving bus stops in North Shore, Line 95 will also operate a deviated service for pick-up/drop-off service in the North Shore area, on a reservation basis.

Customers may utilize this service by calling 1-866-311-7433 between 8 AM and 5 PM no later than the day prior to day of travel. Reservations must be made for both pick-up and drop-off in North Shore, providing home address and nearest cross street. Normal SunLine fares apply. SunLine may in some cases have to modify the location of pick-up/drop-off for safety reasons.

SunDial service can be arranged to meet Line 95 at Indio (Highway 111/Flower) for **qualifying ADA passengers** to reach other qualifying destinations in the Coachella Valley. Separate SunDial fares must be paid for such service.

## LÍNEA 95 RUTA FIJA DESVIADA

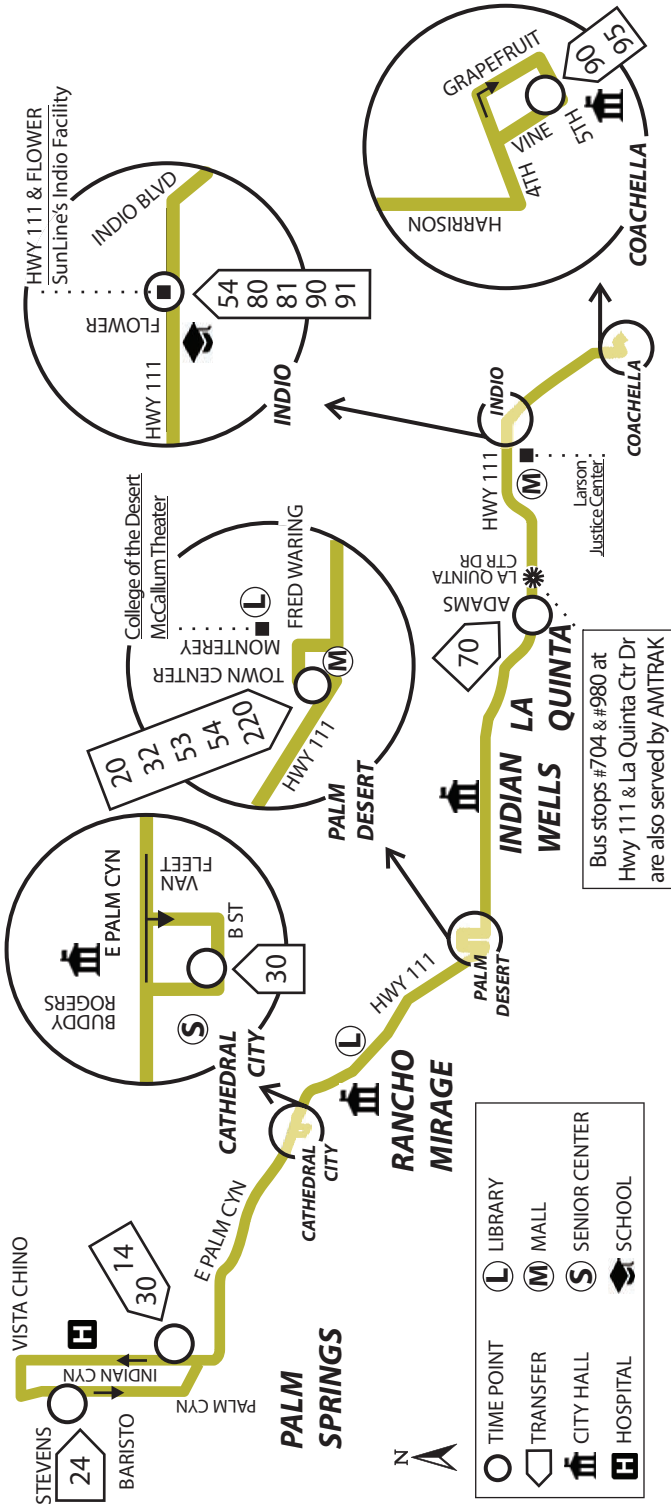

**El servicio de SunDial, transporte de ADA, no se proporciona en North Shore.**

Además de servir a las paradas de autobús en North Shore, la Línea 95 también funcionará el servicio de banqueta-a-banqueta para subir/bajar en North Shore, solo por medio de reservaciones.

Los pasajeros pueden utilizar este servicio llamando al 1-866-311-7433 entre las 8 AM y 5 PM a más tardar el día anterior del día del viaje. Las reservaciones deben hacerse de ida y vuelta en North Shore, proporcionando dirección y la calle transversal más cercana. Se aplican las tarifas normales de SunLine. En algunos casos, SunLine tendrá que modificar la ubicación de subida y bajada por razones de seguridad.

El servicio de SunDial se puede arreglar para hacer conexión con la Línea 95 en Indio (Highway 111/Flower). **Pasajeros calificados para ADA** pueden viajar a otros destinos en el Valle de Coachella. Para usar el servicio de SunDial se debe pagar la tarifa apropiada.

## Transit Mode:

The transit industry has developed its own vocabulary over the years. Here are some terms commonly used at SunLine:

**Interlining** - when one route ends and becomes another route. The destination sign will change to reflect the current route. Currently, our routes 24 and 32 interline on the weekends.

**Time Point** - a location on a bus route assigned a fixed time.

**Transfer Point** - a point where bus routes intersect and passengers can transfer to another route.

**Fuel Cell** - A fuel cell employs a chemical process to convert hydrogen and oxygen into electricity that powers a motor. Since there is no combustion, the bus does not emit smog-producing exhaust - just water vapor.
