SunLine Student Art Contest

Theme: "SunLine Buses are Important for the Coachella Valley and the Environment"

As a leader in alternative fuel solutions, SunLine's buses are environmentally friendly and don't pollute the air. The art contest is a way for our local youth to learn more about the advantages of clean energy and the public transit system. Participating students should create a message about how public transportation improves the environment. The message should be incorporated as part of the artwork. The art should include buses and landmarks that are unique to the Coachella Valley, such as: mountains, palm trees and windmills.

The SunLine Student Art Contest is open to all elementary school students, grades K-5th, and middle school students, grades 6-8th. One winner will be chosen from each category, elementary and middle school, for a total of two winners.
