---End of Report---
Summary:

The budget variance report compares revenues and expenses to the respective line item budgets. The report identifies current monthly revenues and expenses as well as fiscal year to date (FYTD) values. The budgetary figures are represented as a straight line budget. Accordingly, the current monthly budget values are calculated by taking $1/12$ of the annual budget and the FYTD budget values for the month of February 2021 are equal to $8/12$ths of the yearly budget.

Year to Date Summary

- As of February 28, 2021, the Agency’s FYTD revenues are $397,323 or 16.79% below the FYTD budget due to free fares related to COVID-19.
- As of February 28, 2021, the Agency’s FYTD expenditures are $1,734,390 or 6.37% below the FYTD budget.

Monthly Spotlight

- Electricity expenses related to hydrogen and CNG production were over the straight line budget in the month of February due to required testing of the hydrogen electrolyzer in preparation for acceptance testing. The testing and corresponding fluctuations in costs are anticipated to continue until commissioning is complete.

*Taxi Voucher ridership counts are part of the system ridership for March 2021 totals and are not part of the NTD ridership report. In March 2021, the adverse effects of COVID-19 on SunLine's system-wide ridership caused a decrease of 65,993 rides or -25.9% compared to the same month of the previous year.

Consequently, the fiscal year to date system ridership decreased by 1,482,366 rides or -48.6% compared to the previous fiscal year. Two (2) supplemental charts are included to demonstrate fixed route and paratransit ridership trends and the percentage of ridership recovered. RE: Metrics for March 2021

Summary:

The metrics packet includes data highlighting on-time performance, early departures, late departures, late cancellations, driver absences, advertising revenue, fixed route customer feedback, paratransit customer feedback, and system performance.

Due to the new route structure, fiscal year reporting has been changed to Refueled year to date (RYTD) for the remainder of the current fiscal year.

Route 9 on-time performance has been closely monitored since the start of Refueled. The combination of ongoing construction in Mecca, operator’s learning curve of new routes and new time point timing has affected SunLine’s on-time performance. An upcoming adjustment in departure time is planned for the May service change.

RE: Monthly Budget Variance Report for February 2021

Summary:

The budget variance report compares revenues and expenses to the respective line item budgets. The report identifies current monthly revenues and expenses as well as fiscal year to date (FYTD) values. The budgetary figures are represented as a straight line budget. Accordingly, the current monthly budget values are calculated by taking 1/12\textsuperscript{th} of the annual budget and the FYTD budget values for the month of February 2021 are equal to 8/12\textsuperscript{ths} of the yearly budget.

Year to Date Summary

- As of February 28, 2021, the organization’s revenues are $35,788 or 21.09\% under the FYTD budget. The unfavorable revenue is primarily due to lower vehicle permit revenue relating to fewer taxi vehicles in service.
- As of February 28, 2021, expenditures are $37,450 or 22.07\% below the FYTD budget.
- The net FYTD operating gain (loss) after expenses is $1,661.

RE:           Taxi Trip Data – March 2021

Summary:

The attached chart summarizes the total number of taxi trips generated in the Coachella Valley for the previous three (3) month period and total taxi trips for the current fiscal year to date (FYTD) compared to the last two (2) fiscal years. There were 2,835 more taxi trips in March 2021 compared to March 2020. The increase in trips for March 2021 is mainly attributed to California reopening among lower COVID-19 case rates. There were 57,150 fewer taxi trips for FYTD21 compared to FYTD20.

Recommendation:

Receive and file.
The chart compares the three (3) most recent months and measures the total number of taxi trips taken year to date for FY 2019, 2020 and 2021.
Recommendation

Recommend that the Board of Directors review the declaration of emergency set forth in Board approved Resolution No. 0775 and make no changes to the current status.

Background

At the March 25, 2020 Board of Directors meeting, in response to the COVID-19 health emergency that federal, state and local governments are all currently addressing, SunLine Transit Agency and SunLine Services Group proclaimed an emergency situation as outlined in Resolution No. 0775 (attached). At subsequent meetings over the last year, the SunLine Board of Directors voted to continue the emergency declaration.

Riverside County is listed in the orange tier for the State of California and all regions are still governed by the mask mandate. Although some of the emergency measures that were put in place as a result of the pandemic have since been sunsetted by Board action, staff believes that the declaration of emergency should remain as many of the procedures that have been put in place for employees and riders cannot be lifted yet. In addition, when changes are made to the tier system, it is not an easy feat for SunLine to notify riders and make adjustments to our service. SunLine recognizes that the State of California has made a statewide plan for reopening in mid-June, if vaccination and positivity rates remain consistent. Staff recommends evaluating changes to the declaration of emergency at the June meeting, wherein the Agency will have more information about what needs to occur.

Sunsetted policies:

- Accrual limit of 500 hours for employees
  - Sunsetted on October 10, 2020 – SunLine reinstated the 500 hour accrual limit for vacation time
• Free fares and rear door boarding
  o Sunsets on May 2, 2021 – SunLine will return to front door boarding and resume fare collection

Policies implemented that are still in place:

• Operating on a Sunday schedule
• Closing the agency’s reception area to visitors
• Requiring riders and employees to wear a face covering when on the bus and inside SunLine facilities
• Creating rotating work schedules for categories of employees to alternate between in office assignment and telework remotely
• Making changes to a number of leave and vacation and benefit policies

In order to keep these measures in place, it is required to continue the Board of Directors' declaration of emergency.

**Financial Impact**

There is no financial impact to keep the resolution in place.

Recommendation

Recommend that the Board of Directors approve an additional emergency policy change, requiring vaccination for paid Agency related travel, in response to the ongoing COVID-19 pandemic.

Background

Over the last year, the Agency has adjusted to the pandemic by instituting emergency policy changes that are temporary in duration. As the landscape has shifted, there are expectations that in-person travel for training and conferences will resume. In addition, vaccines have been more widely distributed and are now available to individuals 16 or older who live, work, or study in Riverside County.

In preparation for travel that SunLine employees may take, staff is recommending that an emergency policy be adopted that requires any employee who wishes to travel for SunLine Transit Agency related business, as authorized and paid for by the Agency, must be vaccinated and have proof of vaccination. This vaccine requirement would only apply to employees who make a request to travel. The Agency will consider requests for reasonable accommodations as required under the law.

When this emergency policy change is no longer required, staff will bring the item back to the Board for consideration. This will follow the Agency’s current practice as the Board of Directors has since sunsettled two emergency policy changes related to COVID-19: 1) reinstating the 500 hour accrual limit on vacation time (effective October 10, 2020) and 2) reinstating fare collection and front door boarding (effective May 2, 2021).

Financial Impact

Travel and training requests are included in the approved annual budget.
Recommendation

Recommend that the Board of Directors approve the attached Resolution No. 0787 granting the CEO/General Manager authority to spend federal emergency funding made available from the American Rescue Plan Act of 2021 (ARPA) approved by congress for public transportation systems in an amount estimated at $16.5 million.

Background

On April 22, 2020 and January 27, 2021, the Board of Directors adopted Resolution Nos. 0778 and 0785 authorizing the CEO/General Manager to expend emergency funds through the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the Federal Emergency Management Agency (FEMA), and the Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (CRRSAA) to respond to the COVID-19 pandemic. In accordance with these resolutions, staff has brought forward ratification items to the Board for approval against emergency funding claims.

Additional federal funding has been made available through ARPA to help transit agencies cope with the financial impacts of the COVID-19 pandemic. SunLine is eager to utilize these funds to continue to respond to the needs of the community while balancing the economic impact of this pandemic. The table below summarizes the total emergency federal funding made available to SunLine through the three major federal relief bills and FEMA over the past year.

Recommendation

Recommend that the Board of Directors:

a) Grant the CEO/General Manager authority to negotiate and execute an agreement with the South Coast Air Quality Management District (SCAQMD) to receive $5,954,921 in funding for five (5) hydrogen fuel cell electric vehicles; and

b) Grant the CEO/General Manager authority to negotiate and execute an agreement with New Flyer of America to purchase five (5) hydrogen fuel cell electric vehicles utilizing the $5,954,921 of SCAQMD funds.

Background

At its September 4, 2020 meeting, the SCAQMD authorized a grant of funds to SunLine Transit Agency under the U.S. EPA FY20 Targeted Airshed Grant Program and the SCAQMD Clean Fuels Program Fund.

Under this program, SunLine will enter an agreement with SCAQMD to purchase and operate the zero emissions vehicles acquired with these funds. The in-kind contributions from SunLine will amount to $806,204. This amount will be accumulated from operating, fueling, monitoring and reporting on the project vehicles.

The New Flyer of America vehicles, called out in the grant and in accordance with federal guidelines, will be purchased without competition by SunLine from the California Department of General Service’s state contracts register. Any ancillary bus equipment, if needed, may be purchased under the CEO/General Manager’s authority.

These five (5) 40’ transit vehicles will contribute to SunLine’s operating fleet and be a valuable 12-year asset for the provision of public transportation services. These vehicles will also help the agency achieve its goal of becoming fully compliant with the California Air Resources Board (CARB) Rules for Innovative Clean Transportation by 2035 which is five (5) years prior to the deadline mandated by CARB.
Financial Impact

The financial impact of this item will be the receipt of funding in the amount of $5,954,921 from SCAQMD and an expenditure of this same amount on the vehicles.

RE:       Receipt of Grant Funding for Liquid Hydrogen Fueling Station

Recommendation

Recommend that the Board of Directors:
   a) Grant the CEO/General Manager authority to negotiate and execute an
      agreement with the California Energy Commission (CEC) to receive funding in
      the amount of $4,986,250 for a liquid hydrogen fueling station; and

   b) Ratify the CEO/General Manager’s filing of a California Environmental Quality
      Act (CEQA) Notice of Categorical Exemption for the Hydrogen Fueling Station
      Project in accordance with the California Governors Executive Order N-80-20; and

   c) Grant the CEO/General Manager the authority to negotiate and execute an
      agreement with Zen Clean Energy Solutions (Zen) in an amount not to exceed
      $357,500 subject to review and approval by General Counsel.

Background

On February 22, 2021, the California Energy Commission announced the award of a
Zero-Emission Transit Fleet Infrastructure Deployment grant to SunLine Transit Agency
in the amount of $4,986,250.

Under this program, SunLine will construct a liquid hydrogen (LH2) fueling station to
meet the demands of the agency and provide resiliency in the hydrogen fueling
program. The project will contain a 15,000-18,000 gallon liquid storage system for
fueling at the Thousand Palms fueling station.

The LH2 station will be capable of operating as a stand-alone station as well as tied into
SunLine’s existing electrolyzer refueling station to provide resiliency. In combination
with the existing 900 kg/day electrolyzer based fueling infrastructure, the LH2 station will
be capable of fueling 57 fixed route fuel cell electric buses (FCEBs) and 39 paratransit
FCEBs when SunLine’s transit fleet is fully transitioned to zero emission buses (ZEBs)
in 2033.
The original CEQA Notice was filed under the CEO/General Manager’s authority to facilitate award of this project. The project qualifies as categorically exempt from CEQA under 14 California Code of Regulations (CCR) § 15301 (Existing Facilities) and 14 CCR § 15303 (New Construction of Small Structures) as provided by SunLine General Counsel.

Zen was instrumental in drafting the grant and is identified as a project partner in the grant. Therefore, staff recommends contracting with Zen to implement the grant requirements.

Financial Impact

The financial impact of this item will be the receipt of funding in FY22 in the amount of $4,986,250 from the California Energy Commission and an expenditure of $357,500 on the contract with Zen Clean Energy Solutions.

RE: Purchase of Operations Building Central Components

---

**Recommendation**

Recommend that the Board of Directors delegate authority to the CEO/General Manager to negotiate and execute an agreement with Golden Star Technology for the procurement of Hewlett Packard servers and associated equipment in the amount of $153,093.51.

**Background**

To further enhance Sunline’s ability to provide services in the event of an exigency. In consultation with our technical advisor and Hewlett Packard Enterprise Systems, a redundant server system was designed. This system will provide network services to the Operations Building and allow the Operations Building to function independently in the event of a loss of services.

On March 2, 2021, staff issued Invitation for Bids (IFB) 21-056. The procurement was publicly advertised in a newspaper of general circulation and a notice was posted on the Agency’s website. On March 12, 2021, the Agency received bids from CPAC Inc., Golden Star Technology, and Kambrian Corporation.

Staff reviewed the bids received to ensure compliance with the requirements of the IFB. Although Kambrian Corporation submitted the lowest bid, they submitted an unresponsive bid because they did not provide a bid for all of the parts requested. Based on a thorough review, staff recommends awarding a contract to Golden Star Technology, the lowest responsive and responsible bidder.

**Financial Impact**

The total financial impact of this item will be $153,093.51. These funds are included in the Information Technology (IT) Projects budget.

There was adequate price competition since three (3) bidders independently contended for the contract that is to be awarded. Award is based on Firm Fixed Price. Kambrian Corporation is considered unresponsive as they submitted an incomplete bid by not quoting for all of the items requested.

Based on the findings, the prices submitted by the lowest responsive and responsible bidder, Golden Star Technology (GST), is 5.31% lower than CPAC.

Based on the results, it is determined that the price submitted by GST is considered fair and reasonable.

Jennifer Tran, Contracts Administrator
Recommendation

Recommend that the Board of Directors delegate authority to the CEO/General Manager to negotiate and execute a contract with Jessup Auto Plaza of Cathedral City to purchase two (2) Chevy Tahoe vehicles, in an amount not to exceed $107,537.36 including taxes and registration, upon approval as to form by General Counsel.

Background

These vehicles will be used to support various administrative needs and support service delivery as needed. On March 31, 2021, staff issued Invitation for Bids (IFB) number 21-063. The solicitation was publicly advertised in a newspaper of general circulation and a notice was posted on the Agency’s website. On April 9, 2021, the Agency received one bid from Jessup Auto Plaza.

Staff reviewed the bid received to ensure compliance with the requirements of the IFB. The bid was determined to be 0.67% below the pricing in the state contract and would also allow for expedited delivery. Based on the review, staff recommends awarding a contract to Jessup Auto Plaza, the lowest responsive and responsible bidder.

Financial Impact

The financial impact of $107,537.36 will utilize a combination of state and federal support vehicle funding approved in the Short Range Transit Plans for FY17 and FY18.

RE: First Reading of SunLine Services Group (SSG) Ordinance No. 2021-01

Recommendation

Recommend the Board of Directors approve the introduction and first reading by title only and waive further reading of SSG Ordinance No. 2021-01 to supersede SSG Ordinance No. 2019-01.

Background

As a result of the passage of Assembly Bill 1069 and Assembly Bill 939, SSG first adopted an ordinance establishing new procedures for taxicab regulation in 2018. SunLine Regulatory Administration (SRA) staff periodically reviews the taxicab service ordinance to determine if any updates are necessary to maintain efficient taxicab service regulation and enforcement.

Staff worked with legal counsel to make changes, as reflected in the proposed Ordinance No. 2021-01.

The proposed Ordinance No. 2021-01 incorporates the changes to supersede Ordinance No. 2019-01 as follows:

- Section 1.030(H) – delete reference to the establishment of a procedure for the payment of the Annual Taxicab Business Permit Fee in installments. Authorization for such procedure is stated in Section 1.030(I).
- Section 1.040(A)(1)(a) – clarifying language added to ensure SSG, its member entities, their officers, officials, employees and volunteers are to be covered as additional insured.
- Section 1.040(A)(1)(d) – clarifying language added to ensure the Taxicab Business’ insurance shall be the primary insurance of SSG, its member entities, their officers, officials, employees, agents, representatives and volunteers.
• Section 1.045 – addition of language to clarify what documentation is required for the driver permitting process.

• Section 1.050 – addition of language to clarify what documentation is required for the driver permit renewal and transfer process.

• Section 1.200(A) and (C) – amend language to allow for fines to be between one hundred dollars ($100.00) and one thousand dollars ($1,000.00) with the amount for specific violations to be established in the schedule of fines adopted through resolution of the Board.

• Section 1.200(E) – addition of language to specify failure to pay fine shall result in the suspension of the Driver permit of the Driver or the Business, as may be applicable.

• Section 1.205(A) – addition of language to specify late payment charges are imposed on any fine or other payment required through the Ordinance of SSG.

• Section 1.210 – title changed to “Cost Recovery” to clarify SSG may also collect any past due business permit fees, vehicle permit fees or any other fees by use of all available legal means.

• Section 2.020 – language regarding smoking prohibition has been moved to subsection (G).

A red line copy of the ordinance showing the aforementioned changes has been included for the Board’s review.

**Financial Impact**

The proposed Ordinance No. 2021-01 will have no financial impact to the FY21 SSG budget.

C. Upon satisfaction of the foregoing, SSG shall set a hearing within thirty (30) days of delivery of the request for hearing, or as soon thereafter as reasonably practical. The Taxi Administrator shall appoint a hearing officer.

The administrative hearing shall be informal and technical rules of evidence, including but not limited to, the hearsay rule, shall not apply. Oral testimony received at the hearing shall be taken only on oath, affirmation, or penalty of perjury. G. After consideration of the evidence presented by all parties, the hearing officer shall render written decision which sets forth a statement of the case, any relevant findings of fact to support the decision and administrative enforcement order. If the hearing officer finds one or more of the alleged violations has been committed, he or she may suspend, revoke, or terminate any permit and/or impose administrative monetary penalties in accordance with the limits set forth in this ordinance. In determining whether to suspend or revoke any permit or to impose administrative monetary penalties, the hearing officer shall take into consideration the gravity of the violation, the entire record of the party requesting the hearing, and the harm threatened to the public by the violation.

H. The decision of the hearing officer shall be final and the party requesting the hearing shall be notified in writing of the decision of the hearing officer. Such decision shall be delivered within fifteen (15) days from the date the hearing is concluded.

I. Any review of a decision by the hearing officer brought pursuant to an administrative citation shall be governed by the provisions of Government Code Section 53069.4. Review of any other final decision under this ordinance shall be governed by Code of Civil Procedure Section 1094.5, *et seq.*

J. With the exception of the conviction of a crime which requires registration as a sex offender under California Penal Code Section 290, in any case
where a Driver permit is denied due to a criminal conviction, the applicant shall be entitled to apply the Driver permit application fee towards the appeal fee from such denial. In the event that a Driver permit is granted on such appeal, the applicant shall pay the Driver permit fee in full prior to issuance of a permit.

Section 1.090 Advance Deposit Hardship Waiver

If after a hearing under Section 1.085, the hearing officer determines that the administrative citation should be upheld and the fine has not been deposited pursuant to an advance deposit hardship waiver, the fine shall be due within thirty (30) days of the date of the decision of the hearing officer is deposited in the mail. Failure to pay the fine within such period shall result in the suspension of the Driver permit of the Driver or Business, as may be applicable, until such time as payment is made.

F. If after a hearing under Section 1.085 the hearing officer determines that the administrative citation should be canceled and the fine was deposited with SSG, then SSG shall promptly refund the amount of the deposited fine, together with interest at the rate of five percent (5%) per annum for the period of time that the fine amount was held by SSG.

G. Payment of a fine under this Chapter shall not excuse or discharge any continuation or repeated occurrence of the regulatory violation that is the subject of the administrative citation.
Section 1.205  **Late Payment Charges**

A. Any person who fails to pay to SSG any fine or other payment imposed pursuant to the provisions of the ordinance of SSG on or before the date that fine or payment is due also shall be liable for the payment of any applicable late payment charges set forth in the schedule of fines. Recommendation

Recommend that the Board of Directors approve the attached Resolution No. 091 which sets taxicab permitting fees and a 12-month installment payment plan effective July 01, 2021 through June 30, 2022.

Background

Based on staff analysis of the COVID-19 pandemic’s impact on the taxi industry in 2020, staff plans to reorganize the SunLine Regulatory Administration (SRA) department to reduce the upcoming fiscal year budget.

It was determined that a reduction in the Taxi Business Permit would benefit struggling, smaller businesses and the industry as a whole. All other fees will remain the same with each business continuing to pay the Vehicles Permit Fees for the number of taxicabs they choose to operate.

The proposed fee schedule is based on allowable fees, per Government Code 53075.75, to be charged to taxicab businesses to recover the costs of carrying out an ordinance in regard to taxicab transportation services. The resolution proposes the following fee reduction:

<td>$ 32,000.00</td>

Financial Impact

The proposed fee schedule is expected to create a balanced FY22 budget to carryout SRA’s regulatory mandate.

Fiscal Year 2021 Fee Schedule & Installment Plan
April 22, 2021

Proposed Taxi Fee Objective

Objective: Receive Board approval on new taxi fee schedule

Goals:
• Produce a balanced budget
• Protect solvency of SunLine Regulatory Administration
SSG & SRA Distinction Clarification

SunLine Services Group (SSG) – Joint Powers Authority
• SunLine Regulatory Administration (SRA) – Taxi administration function of SSG
  • Independent budget
  • Revenue source dependent upon taxi regulatory fees
  • SSG capital funds cannot subsidize SRA operations
  • STA funds cannot subsidize SRA operations

Regulatory Agency Challenges

• Taxi industry fee assessments
• Remaining solvent
• Maintaining high standards for public safety
**Regulatory Agency Research**

- Five (5) regulatory agencies in California either waived or deferred fees in light of the COVID-19 pandemic
  - Waivers and deferments were funded through general funds and reserves
  - No agency is currently receiving a subsidy by county or city government

- Orange County Taxi Administration (OCTAP)
  - 35 member agencies contributed to a two-year budget plan on a population-based cost sharing model from 2019-2020
  - OCTAP disbanded December 31, 2020 – regulation referred back to cities

**SRA Industry Support**

- COVID-19 emergency relief
  - $60k in COVID-19 emergency relief through waiving fees using SRA reserves

- Discussed $30k potential taxi partition reimbursement grant to promote COVID-19 safety precautions and boost consumer confidence
  - Industry declined

- Small business loans – Provide information on getting help during pandemic

- Proposing FY22 31% ($79k) bottom-line budget cut

- 12-month installment plan on Annual Permit fee and Vehicle Permit fees
Continued SRA Industry Support

- Expense decrease of $110,958 or 39% from FY19 actual expenses to FY22 proposed budget
  - Expenses have reached lowest possible budget
- No federal or state funding relief for taxi regulators
- STA funds cannot be used to support SRA
- SSG Capital funds cannot be used to support SRA
