RE: Monthly Budget Variance Report for June & July 2019

Summary:

The budget variance report compares revenues and expenses to the respective line item budgets. The report identifies current monthly revenues and expenses as well as year to date (YTD) values. The current monthly budget values are calculated by taking 1/12th of the annual budget and the YTD budget values are calculated by dividing the yearly budget by the number of months progressed through the fiscal year.

For June:

- As of June 30, 2019, the organization’s revenues are $6,661 over budget or 3.6% above the YTD budget. Expenditures are $28,106 under budget or 9.0% below the YTD budget.
- The net YTD operating gain (loss) after expenses is ($93,304).
- YTD-June information is based on unaudited financials and is subject to change. Once the year end audit is complete, data will be updated.

For July:

- As of July 31, 2019, the organization’s revenues are $5,4873.17 over budget or 26.9% above the YTD budget. Expenditures are $3,247 under budget or 15.3% below the YTD budget.
- The net YTD operating gain (loss) after expenses is $7,937.

RE: Taxi Trip Data for July & August 2019

Summary:

The attached report summarizes the total number of taxi trips generated in the Coachella Valley for the most recent three month period. A second graph shows the total taxi trips for the current fiscal year compared to the two previous fiscal years. While TNC operations continue to negatively impact taxicab ridership in our jurisdiction, it appears that the decline in ridership is becoming less drastic. There were 1,431 fewer taxi trips in July 2019 compared to July 2018 and in August 2019 there were 964 fewer taxi trips compared to August 2018. For fiscal year to date, there were 2,395 fewer taxi trips to date for FY20 than for the same period in FY19.

Measures the total number of taxi trips taken year to date for FY 2018, 2019, and 2020.
The graph displays revenue and expenses for the current month and two previous months. Revenues are generated by taxi business permit fees, vehicle permit fees and driver permit fees. Expenses display the total operational costs for SunLine Services Group.

For June:

- Variance graph displays the total variance between revenue and expense occurring to date, for the current fiscal year.
- Expenses for the 2019 fiscal year are greater than revenue by $93,096.
- To date, SSG has incurred $79,445 in legal service fees. The increased legal service fees were anticipated due to AB1069 and implementing a new Taxi Ordinance and Taxi Regulations.
- The FY19 budget was approved at a $128,071 deficit due to uncollectable revenues through the decline in ridership. Use of previous years’ operating fund reserves required to cover deficit.

For July:

- Variance graph displays the total variance between revenue and expense occurring to date, for the new 2020 fiscal year.
- Revenues for the current fiscal year are greater than expenses by $7,937.
• SSG incurred $4,872 in legal service fees for the month of July which is $2372 higher than the monthly allocated budget. The increase in legal fees are attributed to General Counsel research pertaining to the potential impact of the legalization of marijuana in California on taxicab driver drug testing and the taxicab base color concern.

• The favorable variance for July 2019 is attributed to improved upfront taxi business billing cycle on vehicle permits.

• The FY20 budget was approved at a $9,509 deficit to allow the taxicab businesses time to financially benefit from the changes that stemmed from the passing of AB1069. The use of previous years’ operating fund reserves are required to cover deficit.

**Background**

At the request of local taxicab businesses, language related to a taxicab business distinct appearance was not included in Ordinance No. 2018-01 that went into effect January 01, 2019 because it is not a required regulation by state law. The taxicab businesses have requested this language be reintroduced and strengthened to protect their business interests against incoming competitors.

The SSG Taxi Committee directed SunLine Regulatory Administration (SRA) staff and General Counsel to develop an amendment to Ordinance No. 2019-01 pertaining to the Taxicab Business Distinct Appearance Section 1.030 (D)(1) and Section 2.010 (A) and (B). This language has been revised as follows:

**Section 1.030  Business Permit Required**

D. The Business Permit shall be valid for a period of one (1) year, beginning July 1\(^{st}\) of each year and expiring on June 30\(^{th}\) or until suspended, revoked or surrendered. Requirements to approve and maintain the permit include:

1. Taxicab Business shall have a distinctive name and appearance and shall have a standard monogram, insignia, or logo which is permanently affixed to each vehicle and indicates that the vehicle is offered for the use of transportation of passengers for hire. Distinctive name includes the consideration of a specific color referenced in the Taxicab Business' name;
Section 2.010  Taxicab Businesses Distinct Appearance

A. All Taxicabs operating under a Taxicab Business Permit shall be of distinctive name and appearance such as is in common usage in this country for Taxicabs and shall have a standard monogram, insignia, or logo which is permanently affixed to each vehicle and clearly indicates that the vehicle is offered for the use of transportation of passengers for hire.

B. No Taxicab Business Permit shall be granted to any Person and/or company whose name, monogram, logo or insignia to be used on its Taxicabs is in conflict with, or imitates, any name, monogram, logo or insignia used by another Taxicab Business within the Jurisdictional Boundaries of SSG in such a manner as to be misleading to, or which would tend to deceive or defraud the public. This includes the consideration of a specific color referenced in the Taxicab Business’ name.

Financial Impact

The proposed First Amendment of Ordinance No. 2019-01 will have no financial impact to the FY20 SSG Budget.
